

Follow Up on COVID-19 Email

Tue, Mar 10, 2020, 10:37 AM

Assalamu alaikum wa rahmatullahi wa barakatuh,

Dear Parents,

This email is a follow up to our email last week about preparations and precautions for the COVID-19 outbreak. Please read the email carefully as it contains important information:

1. If your child is sick, please keep him/her home and follow up with your family doctor in case of any cold/flu-like symptoms. [Symptoms](#) can include: cough, fever, shortness of breath. If your child has these symptoms (cough, fever, shortness of breath), please provide us with a doctor's note before bringing your child back to school.
2. If you, your child, or another family member is tested positive for COVID-19, or interact with someone who is tested positive for COVID-19, please inform us right away so we can take the necessary precautions to minimize the spread of the virus.
3. Remind your children to [wash their hands regularly](#), [cough/sneeze into the elbow](#), and avoid touching eyes, nose and mouth

Jazaakumullaahu Khayran.
